Dates are subject to change as we continue to plan our 2024 events.

Coming in 2025 – More Interactive Fun at the new Ault Park Playground!

The playground area remains nestled within a grove of mature trees and features a natural color scheme to blend into the surroundings. The trees offer

welcome shade to relax and cool your family during play. The seating allows views of the playground to give children supervised independent play.

This is an example of a potential layout with samples of equipment under consideration. We continue to work on the design for your fun and enjoyment.

Scan the QRC code to experience a “fly over” of the playground design.
